Texas
Wood & Lumber

Join the Texas Lumber and Wood Products safety group and trim your workers' comp costs. This safety group is open to qualifying loggers, sawmills, and most forms of wood product manufacturing companies.

Members earn a premium discount, have access to a safety plan specific to the lumber industry, and can qualify for a group dividend. Texas Mutual policyholders have access to thousands of free training materials in our safety resource center, including a robust safety catalog, engaging e-Learning online training courses and more.

\$ DIVIDEND HISTORY

All Texas Mutual policyholders have the opportunity to earn individual dividends, but as a member of the Texas Lumber & Wood Products, you may qualify for an additional group dividend if the group has favorable results. Safety group dividends are based on the group's loss history rather than a company's individual history.
