The Texas Medical Group workers' compensation safety group gives you lower premiums and a healthy dose of safety. The group is open to physicians' offices, home health care providers, nursing homes, outpatient care centers, medical and diagnostic labs, diagnostic imaging companies, assisted living facilities, pharmacists, drug and alcohol clinics, and medical supply companies.

In addition to a premium discount, members have access to an industry-specific safety plan and can qualify for a group dividend. Texas Mutual policyholders have access to thousands of free training materials in our safety resource center, including a robust safety catalog, engaging e-Learning online training courses and more.
