CompGroup | **AGC**
BUILDING TEXAS
Workers' Comp and More.

Qualifying members of any of the Texas Chapters of the AGC-Texas Building Branch can join the CompGroup AGC for a constructive approach to lower premiums.

In addition to a premium discount, members have access to a safety plan specific to the construction industry, and can qualify for a group dividend. Texas Mutual policyholders have access to thousands of free training materials in our safety resource center, including a robust safety catalog, engaging e-Learning online training courses and more.

\$ DIVIDEND HISTORY

All Texas Mutual policyholders have the opportunity to earn individual dividends, but as a member of the CompGroup AGC, you may qualify for an additional group dividend if the group has favorable results. Safety group dividends are based on the group's loss history rather than a company's individual history.
