LEARN MORE

To learn more about safety groups, contact Texas Mutual at (800) 859-5995.

Open to most companies in the home-building industry, the Texas Home Builders safety group provides a solid foundation that brings workers' compensation savings.

In addition to a premium discount, members have access to an industry-specific safety plan and can qualify for a group dividend. Texas Mutual policyholders have access to thousands of free training materials in our safety resource center, including a robust safety catalog, engaging e-Learning online training courses and more.

\$ DIVIDEND HISTORY

All Texas Mutual policyholders have the opportunity to earn individual dividends, but as a member of Texas Home Builders, you may qualify for an additional group dividend if the group has favorable results. Safety group dividends are based on the group's loss history rather than a company's individual history.
