In addition to a premium discount, members have access to an industry-specific safety plan and can qualify for a group dividend. Texas Mutual policyholders have access to thousands of free training materials in our safety resource center, including a robust safety catalog, engaging e-Learning online training courses and more.

\$ DIVIDEND HISTORY

All Texas Mutual policyholders have the opportunity to earn individual dividends, but as a member of Lone Star Energy, you may qualify for an additional group dividend if the group has favorable results. Safety group dividends are based on the group's loss history rather than a company's individual history.
